I am looking for a small dog (under 10 pounds) to be a friend with my 6 pound chihuahua for when I'm at work. Mix breeds are ok, coat length is not important and MUST like other dogs. I have no children at home so that is not an issue either. Would be a huge plus if it is spayed or neutered. Please send photos and tell me all you can about your dog. I am not looking to spend much but can guarantee a GREAT home. !!
