My Robot Lung is a 4-piece indie/blues/rock band that plays around the Portland area. We are looking for a second guitarist (to mainly play lead electric) that can also play bass guitar and sing harmonies. We have drums, keys, and two members that switch between bass guitar and electric/acoustic guitar. In our late 20's to mid 30's. Have a practice space, PA, transportation, and pro gear. Hoping to find someone in their mid 20's to 30's that can fill this spot. We have some shows coming up in August (Cider Mill and PSU Saturday Market). Check us out at:
