http://www.facebook.com/A1PetSittingServices

I have 35 yrs experience working with dogs and cats and I also care for rabbits, fish or other domestic pets. I am looking for additional clients who need quality daily or occasional care for your beloved pets. My business motto is "I care for them as you would when you can't be there." Can make daily visits when you're on vacation, feed, exercise, playtime with your domestic animals, or daily visits for walks, or exercise/feeding for those who work long hours.
