

Looking for transmission mechanic to rebuild my Honda Transmission (Denver)

Location **Colorado**
<https://www.genclassifieds.com/x-624981-z>

Ideally, I am looking for someone who has a licensed shop. I have a 2002 Odyssey with a BYBA transmission that needs rebuild/replacement. If you could reply with your hourly labor rate or fixed labor only cost or fixed total cost with parts that would be great. Of course, I would bring van to you. If you could, please email your reply to this ad. Thanks!
