

Breastfeeding Photography Project (Centennial)

Location Colorado https://www.genclassifieds.com/x-624994-z

I am a photographer looking to start a project capturing images of mothers nursing their babies/toddlers. I think it is one of the most beautiful things a mother can do and I feel it is important to raise awareness and promote acceptance from society. The photos will be as discrete as you'd like so that you feel comfortable. If you feel like this is something you would be interested in being a part of email me and we can discuss it further. Thank.
