

Casting Young, American Apparel (, USD)

Location **California**
<https://www.genclassifieds.com/x-625290-z>

Casting 2 -3 Young and attractive American Apparel-type female models with an alternative or hipster edge to them. They will be shot riding bicycles along Venice Blvd during this Sunday's (August the 9th) Ciclavia event (<http://www.ciclavia.org>).

Models must be comfortable riding a bicycle for a distance of 6 miles while in tasteful but sexy California summer attire (bikini top with cut-off shorts or bikini bottom or something similar). The camera we are using to shoot is a virtual reality 360-degree camera. It's one of only a few currently out there and the video we are shooting is one of the first fashion/lifestyle piece done in VR 360 and it will be getting great exposure.

We would require models to work for around 3 hrs from 12PM - 3PM, and we can pay \$50 for the job. Please send accurate and recent photos/reels of yourself if interested.

Our company, VirtualityLab.com, has recently been written up in Variety, CNBC and Los Angeles Business Journal just to name a few. Please check out our site for more info and thanks for your interest in our!
