

Beautiful wood floors for up to 50 off

Location

Minnesota

<https://www.genclassifieds.com/x-625888-z>

For \$1.70 a square foot, you can have your wood flooring sanded and refinished with 3 coats of a commercial floor finish for up to 50% less than other companies by a professional with 25 years experience. Be very careful of companies promoting 2 coat finish jobs.

I also do stairs, installs & seamless patching, and staining. If you are paying more than \$1.70 a foot for wood floor sanding & refinishing, your paying too much.

I have been exclusively sanding, finishing and installing wood floors for over 24 years now.

Give me a call at to schedule a free in home written estimate.

Thanks, Craig
