Larger projects not a problem.

Based out of Hudson, NH but we travel throughout NH.

Stone walls getting grown in? Can take down little trees, bushes, pricker bushes, up to 3" thick. It will take them down right to the ground. \$60-\$120 an hour (depending on the project).

Can also open up areas with larger trees. Have a shear attachment for my bobcat as well.

If you have several acres that you would like to open up as an animal management program, there are government funds available for such. Lets walk your project and see if you can get your land beautified for Free.

I have before and after pictures, but this option doesn't let you show them.
