I have a 2003 Duramax for sale. New injectors, head gaskets, arp head studs, newer transmission, and billet triple disc torque converter all in the last 10k. Has 229xxx. Has 4" exhaust, EFI live tunes from Idaho rob, dsp 5 position switch, cold air intake, leather power/heated seats, 6k DRLs, 33" Nittos, aftermarket head unit, + more. oil change and oil filter, coolant flush, tire rotation, etc. Rockers and cab corners are solid, needs minor body/rust work on the bedside and could use a new tailgate. Mechanically in great shape just needs little cosmetic things. Mostly interested in trades try me the worst I can say is no. Best way to get ahold of me is text seven343088774 \$14000
