

# I have a FANTASY book cover wo Title. Looking for a Title Illustrator (NYC)

Location **New York**

I have a Fantasy cover for a novel I am writing. I love the cover. But it has NO Title. I'm looking for a Hand drawn illustrated Title with a custom FONT. I'm looking for something special. Something new.

Think: Fantasy + Adventure + Romance.

Please give me some samples of your previous work if you have any.

I hope we can meet up in person and/or chat on the phone so I can better explain to you what I want exactly.

Willing to pay a decent fair price for the work.

PLEASE NOTE!: You will have to sign a release form after you completed the book title - granting me all the rights to the new custom font you drew since this is considered a WORK for HIRE and I will copyright the font along with the book title and book cover under my name only.

Thanks and looking forward to working with!!
