I am a stay at home mom of 3 and currently have other children under my care. I have 2-3 openings for weekend and date night care. I also have small day time openings if you need someone just to run errands. Contact me and we can discuss further your needs and my availability. I can provide excellent references and I have a loving and safe environment!!! I am also providing after school care. Please check out "More ads by this user". My rates are excellent and guaranteed to be the best in the area!!! Send me an email and we can set up a phone interview. Thank!
