Mr. Tow 5000 Chamberlayne Ave.

A+ rated at the BBB WE ARE NOT A JUNK MAN We are a real salvage dealer
Ever wonder why the other guys do not post a business address, hmmm?
Where will you find them when you have future DMV or property tax issues or your licensed is suspended?

We daily update the # of vehicles we recycle, we are not afraid to be scrutinized by DMV and the IRS

The other guys "CLAIM" to be the kings or the biggest or the most reputable, check us and them out at the BBB.

Thousands of your neighbors have trusted Mr.Tow to recycle their vehicle, ask them why they chose Mr. Tow

Some say we pay 350 and when you call they say that's what the ad says, but what will you take, others promise one price on the phone and when they arrive they play the beat-down game hoping you will sell it for less out of frustration. Some say we do not pay upon pick up we pay after we have crushed the car, Mr. Tow pay cash on the spot then and there, do you really believe they are going to bring your money

back? Other say we pay up to a \$1000. for a junk car does any one really believe that? If that were true them
