Location **Washington**

I am looking for a few females to pose for a Cigar Girl theme photo shoot. This is for a future Cigar event and not for a website or online portfolio. The theme is "implied body part" and yes you will be nude although none of your private body parts will be protected from view and will not be shown.

You must be able to prove that your of legal age to model. Please included at least one modeling photo and one everyday casual photo when responding to my CL gig posting.

A flat fee of \$250 cash paid up front before we begin shooting and a few pre-photoshop touchup photos to take home with you.

Thank You for reading my posted gig and looking forward to anyone that:)
