

College student looking for awesome roommates (Atlanta

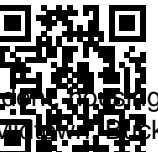

Location **Georgia**

Hey there. I am an Accounting undergrad student and I need a room anywhere between Atlanta and Alpharetta for the fall semester. I was a student at Georgia Tech and am currently at Georgia State University. I am not overly excited about using Craigslist to find somewhere to live haha, but I need to find a new place fairly quick. I would prefer to room with people my age (girls or guys, doesn't matter).

About me: I am a 23 year old white male. I am really easy going and an all around fun guy. I am very clean and organized. I don't drink at home or smoke. I literally do a little of everything. I am a pilot, race motorcycles (on the track), party, exercise at the gym, occasional video games, college sports, etc.

Again, I need to get everything figured out soon, so please call, email, or text me anytime. Thanks.
