Caregiver with 15 years of experience in home care and light house cleaning. Seeking elderly client to take care of. I am CPR certified, medication certified, and has had all first aid training.

I take great pride in my abilities and professional skills to promote the client's independence and general well being through happy and difficult times. I am very detailed oriented, friendly, an advocate for my client, and an excellent companion and listener. I also do light cleaning and light driving, such as doctors appointments.

References Available upon request.

Available Sundays-Thursdays. Day or night hours.
