I have a beautiful male blue and white pit puppy to rehome. He's 6wks old today. Born June 27th. He's had his first shots and been dewormed. He's been eating puppy food and drinking water for 3 wks. Also still feeds on mom. Working on potty training and kennel training. He's not thrilled with being in the kennel which he's only in at night. He does not come with papers. Dad is Muggleston XL. Mom is Gotti. Asking .
