Your own bedroom. Relax and safe when you are home. Home environment vs party house. Great experience to improve conversational English.

Own bedroom 100% furnished. Down topper mattress on full size bed, sheets, towels, wifi, marble floors, granite, 30' (10 meter lanai on the Ala Wai..awesome view and cross winds), washer/dryer in unit.

Share with two guys sharing the other bedroom and one 2 year old Pomeranian.

Previous roommates have been Japanese ESL, UH or HPU students. I used to teach English in Tokyo. Last roommate stayed with us for four years...came in as an ESL student, and graduated ahead of schedule in business from HPU.

Looking for quiet, neat and tidy roommate. Long term preferred -- six months.
 We usually eat together, go to Costco/Sams so food costs are minimal yet dinners are nice.

No drugs, no guests. This place is a place to relax, study and rejuvenate while you socialize outside of the apt. ...we've had too many issues before....sorry, if this is a deal breaker.

Rent is \$950/month plus utilities/internet/cable of about \$40-60. Deposit of \$950...not to be used as the final month's rent.
