My main frustrations with the beauty industry is the lack of information of beauty and skin of ingredients . I taught myself how to do makeup after years of going to makeup counters and being disappointed after constantly told what would not look good on my skin tone sense i have both yellow and pink undertones WITH oily skin, so I started learning how to prove them wrong! My name is Stephanie Seager I am a professional trained airbrush artist working in the industry for over 6 years now and I love what I do and do what i love.I specialize in doing airbrush makeup though I still love traditional application and love working with Weddings and Senior Pictures. I am trained in everything from beauty, runway, photography and even boudoir.

I am a professional makeup artist with a Airbrush Course under my belt.
 I am now a full time makeup professional artist/beauty vlogger working out of Annapolis, MD
