

Pure Bred Male Akita (Weiser)

Location **Idaho**
<https://www.genclassifieds.com/x-631026-z>

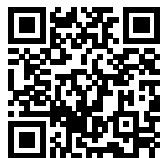

I am looking to rehome my 10 month old fixed pure bred male Akita. I do not want to let him go but I moved and the land lord is not allowing me to keep him. He is a really good dog, he has never been around small children but he would love them. He plays with cats but has never hurt them. He is already 93lbs when I took him to the vet to get him fixed and get his vaccinations. He has his parvo and rabies vaccinations.

I paid \$600 for him when I bought him then I fixed him. All together I have spent about \$900. I would like to at least get what I spent on getting him fixed and the cost of vaccinations of \$300.00 plus to insure he goes to a really good home. Please call or text if your interested in him. Serious inquires only.
