Up for sale is this used GM 15940102 Denso navigation system that has been unlocked and ready to be installed in your vehicle. Receiver is in great shape and well worth the money for a very useful item when driving down the road. When purchased the receiver will be installed in your vehicle to show you how well this item will work for you. Theft-lock has been removed. Ready for full operation as soon as it is married to your vehicle. Make sure you have the y91 or y92 marked on a sticker inside your glove box as this is for a digital output receiver. If you have UQ7 on a sticker in your glove box then this receiver is not compatible with your vehicle. Test report on this navigation receiver will be enclosed to show full operation. Included is the GPS antenna, GPS software and the VSS/Voice harness, . Call or email me if interested.
