Location **New York**

Hello, my name is Myles I am a film student at Hunter College where this summer I am helping produce a friend of mine's (J.P. Pacca's) senior thesis film, UNFINISHED and we need to locate an experienced audio mixer/recordist tech with a team player attitude. This is an amazing opportunity to work with award-winning students on their way up! OH, and it shoots on a sailboat, so how bout that for a great location to call your office? If you know anyone, send this link on!

Note: The crew is coming from NYC, so housing and transportation is a big cost for us. That is why we are looking for a local person. Logistically, coming from NYC to Shelter Island for an early shoot is a challenge to say the least. So either you are local to shelter island or you will join the crew in the shoot house, where we have a french chef on staff and a beautiful large house. You will not have your own room.

I hope we can work together on this project, thank you for taking the time to consider working with us!!!
 Sincerely, Myles J Glynn
