Location **New York**
<https://www.genclassifieds.com/x-631176-z>

I am an amateur photographer doing a project for a small photography group and I am seeking amateur women to pose for me.. (Non-professionals preferred)

I am attempting to recreate the famous Harvard Posture Studies photo sets that were done on all incoming freshmen and Harvard, Yale and seven other schools.

Basically it will be a set of standing dressed photos, front, rear and left and right sides, and then the same again in the nude. All body types and ages are welcome, as long as you are 18+ as nude photos are being taken as part of the set.

For more information on the original project's history, you can Google "Ivy League nude posture photos"

Paying a \$30 sitting (standing) fee for your time.

Please send recent photos and contact.
