Hello my name is Ben and I'm a local vacuum repair technician beginning my own small business. I focus on vacuum repairs and sales of reconditioned machines both economic and higher end. I have around 500 machines new and old stye available, I also rebuild and recondition just about any machine you may have. I have a large amount of parts in stock as well as machines ready to sell and machines ready for build to order. I do carry some reconditioned shampooers as well, if I can I do repair shampooers. If you are interested in my services or just looking for a new vacuum within a budget I'm your man. I have machines for sale starting at \$20 and going up from there, everything from your run of the mill Bissell's, Hoovers, up the higher end Miele's, Rainbows, and Kirby's. So if you don't want to spend the money for something brand new but want as close to new as possible for a lot less just give me a call or text anytime and I'll be sure to get back to you asap. Have a great day and happy!
