Hi,  
My name is Donna Harke. I have my own petsitting and dogwalking business called Comfy Critters. I live in Apex and mostly cater to the Holly Springs and Fuquay area.

I have 2 petsitting gigs in the area around Maynard and Harrison and High House and Old Apex Rd. area. It is too far for me and so I need help.

I would like someone who just wants to pick up a couple of dollars here and there. There may be more petsitting gigs in the future. This position is perfect for someone who is retired or someone who is a college student. Must be available in the early mornings, midday and late evenings.

Background checks will be done and references will be checked.

I look forward to hearing from you!

Donna Harke
