

Apple iBook G4 (75 USD)

Location **South Carolina**
<https://www.genclassifieds.com/x-632267-z>

I am selling my Apple laptop. It comes with Microsoft Office on it and could be used for word processing. It works but is slow by today's standards. The battery does not hold a charge for very long. I am not sure if this is the battery or the charger. Both the battery and the charger can be replaced with new units from the internet. This unit would not be good for gaming or netflix viewing.

Comes with charger. \$75.
