

2016 21 Toy Hauler

Location **South Dakota**
<https://www.genclassifieds.com/x-632544-z>

Hi, Jesse Nordmann here from PleasureLand RV. We just got in a couple of the brand new 2016 Glacier ice houses and these are the awesome RV edition. There are a few things that will really set the Glacier apart from the competition when it comes to construction and the overall quality of the house. The Glacier RV edition has everything you will need to have a true 4 season type of camper/fish house. The unit starts with a laminated sidewall which is super strong and R26 insulation all the way around. The RV edition has an air conditioner, furnace, gas and electric fridge, a shower, a toilet with holding tank, sink in the bathroom, microwave, 2 burner stovetop, sink in the kitchen, pull down double bunk over the huge booth dinette, rear ramp toy hauler door, taller ceiling height, dual pane windows, 3 powered jacks rated at 4500 pounds, aluminum rims, skid resistant flooring, LED hole lights, and so much more.

This unit has a retail value of over \$29,000 but with our volume buying we can get this unit to you for much less. Please call for the price, it will be well worth your time, due to manufacturers restrictions I can't post our sales price. We did sell out of these last year at the ice fishing show at a sales price of \$23,250. Our discounts are even better than last year!

I only have two of this floor plan in stock and they will be the last two we get until next winter.

Please feel free to call me with any questions or to secure this great unit. I can help arrange for you to pick this up at the PleasureLand RV store that is closest to you.
