We have been told that this is native american. we do not know much about the chair. we just purchased it from an antique dealer in south central nebraska a few years ago. we were told it has more than 400,000 beads and that it was made between 1910-1940's. it is in very good condition. very bright colors. we are asking \$4895 or best offer.. it needs to be where it will be seen . it is too beautiful to sit in storage where we have it. may be able to deliver. any interest or questions, please call Gary at the number above.!!
