

Parenting and Electronic Media Use in Families (Nashville)

Location **Tennessee**
<https://www.genclassifieds.com/x-632945-z>

Students at MRI, a leading non-profit family therapy institute, are applying for a research grant to study this topic of great importance for today's parents--and therapists! We've created a survey (~25-30 min) to generate some initial data. Please help by taking the survey at:

<https://www.surveymonkey.com/s/EM-P1>
Note: Your Survey Code = NTN-2

If you complete the survey, you may qualify for a paid follow-up interview (typically \$50). (Don't forget to include the family/household information in Part 3!)

Thanks so much for your help!
