I am a car lover all my life and have been doing body and paint repairs for all most 30 years now and still love every minute of what I do! From simple repairs to wild customs, dents and dings to complete restorations and repaints, these are the things that I enjoy doing and will compare my work to anyone in the business! If it is fiberglass, sheet metal, plastic or even the dreaded aluminum I am still your man. Wholesale costs for everyone as I have a very low overhead shop and I am experienced and efficient and pass the savings on to you! If you would like to see some of my work I would be happy to send you some pictures if you Email me where to send them, or call and we can set up a time when you can see my work or stop by for yourself and see what is always going on at my shop. You can reach me at: I would truly like to be your one stop shop for all your paint and body repairs! I have been involved in body and paint work since I was old enough to be considered useful and have honed my skills well over the last 25+ years. Scratches, dings and dents are my specialty, but not what I am limited to. I have several years fiberglass experience and have made custom parts and proto types from very simple to extremely wild! I have a large facility in low over head country and can be a very economical choice for your body and paint needs. If you would like an estimate via the internet please sent my a few pictures. Please understand that I can only give you the best possible quote with a direct inspection, but I am rarely off with my online quotes! If you prefer to speak to me directly please call me at: Thank you for considering my services, I look forward to hearing from you! I have been involved in auto body and paint work my entire life, it is what I do and I take my job very seriously! Each project is another test that must be passed and the result must be perfect. I have a nice shop in low over head country so I can pass the savings along to you the customer. All I ask is that you allow me the opportunity to show you what a proper repair and paint should be and you will be surprised at the low cost to you! I have experience in all forms of body work and materials including fiberglass. Single stage, two stage, you name it I have sprayed it!!! Please call me, JOHN at and I promise you that I will give your car the attention that you are looking for at a cost that will surprise everyone! Due to my extremely low prices I am so busy that I can only return calls after 7 at night, I hope you will understand and that it does not upset you!! I do show cars, dad's favorite toy cars as well as paint and repair your every day gotta go get the kids cars! I am at home in my shop painting and painting and painting fixing peoples problems as well as building their dreams. My work is expert in quality and materials used, but my low overhead situation allows me to be a bit lower priced. Car club people bring me their dream cars and I update, repair and even completely repaint them. Fiberglass repair is another field in which I am fully experienced and trained. Wild custom creations and Corvette repairs are things I have been doing for over 25 years. I love getting up in the morning and getting to play with artwork and
