

We are Silly Kittens (5 USD)

Location **Maryland**
<https://www.genclassifieds.com/x-633781-z>

Loving, playful kittens available for adoption. Around 14-15 weeks old and all are spayed/neutered, up to date with shots, wormed and flea treated. (For cat people the Mom was combo tested neg/neg so all kittens are healthy). All are litter box trained, sweet and loving.

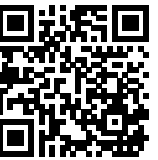

Mouse is the smallest of the five siblings, a brown tabby boy. He has large ears right now but in time may grow into them and he has a heart of gold and enjoys playing and purring.

Turtle is a girl torbi tabby - she is a brown tabby with orange patches who loves to play and tag along behind her big brother, Goose.

Captain and Tennille are beautiful gray tabbies. Tennille enjoys being held on her back for belly rubs. Both are purr machines.

Goose will likely be a big boy, with dark black stripes and a very long tail. He is the first to check everything out and seems to be the leader of the pack.
