Greetings!

I am grateful for this opportunity to offer babysitting and/or nanny service in Greater Orlando, Oviedo, Winter Springs, Winter Park, Altamonte Springs, Longwood, Lake Mary, Heathrow, and surrounding areas in Central Florida. I am a 35 year young mother of one, with my Advanced Child Care Certification from American Red Cross, and Pediatric First Aid, CPR, and AED Certification from American Red Cross.

My name is Anna Maria. I am the eldest of five children, and growing up, my parents always had lots of friends with kids, so I was blessed with many babysitting opportunities from a very young age. In addition, I am a mother to an amazing, wonderful little boy who is now four and a half years young!

From his infancy, I had a blast teaching my son to read, and many other helpful things, using early learning techniques and programs, which I am happy to share with you and your young children, if desired. By 12 months of age, my son was reading many words, by 18 months, he taught himself the planets of our solar system from one of his science books--completely on his own--and by 2. 5 years of age, he was reading everything he came across and loving it, to the amazement of others!

I am a natural teacher, and I love to connect with children at their level and find ways to inspire them to love life, to love learning, and to develop high moral character. Over the past year, I spent time working first as a substitute teacher, then as an assistant teacher, at two different Montessori schools. During my

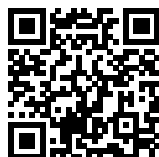

time in the Montessori school setting, I learned more about how to connect with children at their level, and how to use playful activities and concepts to help nurture a child's in, hard work learning for

...I am a free thinker, truth seeker, philosopher, and an also an artist, a poet, a writer, and classically trained singer/songwriter, as well as a photographer. One of my greatest joys is to share my creativity with children through story time, which includes story book reading, poetry, songs, and

In addition to being a first / mother who is wonderful with kids, I also happen to be a professional

---

trained in Jeff Campbell's Perfect Maintenance Cleaning (speed cleaning), and I am happy to help out around your home with some light housekeeping while I care for your children, so long as it does not take me away from my ability to properly attend to the needs of your kids.

Need professional family portraits? I can do that too! I've got that down really well after 8+ years as a professional wedding photographer!

Thank you for taking the time to read through this information. For more, I invite you to visit my Care.com profile page (<https://www.care.com/p/annamariab32/cc>), where you can view a short video intro, as well as access my Preferred Plus Background Check, and other details. Please feel free to connect and get to know me better, and I look forward to hearing from you!

Sincerely,  
Anna
