Updated Mon 8/10 10:00 PM

Lots of gear for sale below - most items have only ever been used in the studio and are in excellent condition unless otherwise noted.

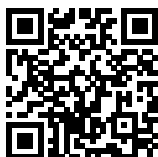

Prices are more than fair, so low-ball offers will be ignored. I will only deal on the prices below if you buy multiple items. Also, not really interested in trades.

List below will be updated as items sell, so if it's still shown below, it's still available.
