I am hoping someone has seen or is taking care of my lost 10 yr. old male orange Siamese cat, Pumpkin. After being rescued from our house fire, he ran under our shed and would not come out. The next day, he was gone. I wonder what ever happened to him. The fire was earlier this year on Patterson Rd., at the cross roads of Stallings and Patterson. Please look at the pictures and contact me if you know of his current whereabouts. Thanks for!
