Female cat, little over a year old, free to good home. Moxie is spayed and declawed. She is very loving and adores to have her ears scratched. However, she does not care for other animals. She needs a home where she will be the only fur-baby. She does alright with children as long as they do not pick her up (at which point she just yowls until she's put down, then bolts).

We are not asking for a rehoming fee, only that the prospective owners are dedicated to being her forever.
