
possibilities are limitless with the carry-all. I have clear title. I have owned this bus for over ten years. It worked great for that racing but my home burnt down taking my race skis (see pic) with it so the bus is no longer needed plus.... unfortunately, this bus makes an excellent moving van. If you buy be prepared to be the family moving company. I have had to help family move five times in the past two years so it must go. However NO LOWBALLERS..... I have driven this bus to carolina adventure world, buscoe beach atv park, Virginia beach wavedaze, Daytona beach freeride (twice) and speedway, Tampa bay Jet ski race, St petersberg florida tower lake, 2 pumpkin runs near daytona, Orlando Fl trips, Several races in Myrtle Beach.... so we have a lot of history together and Gas is SO much cheaper now so price is fair. I have replaced the radiator in the past. The drivers cab AC does not work. The drivers cab has a kenwood CD player and a sony amplifier hooked to pioneer 6x9's plus a pair of 6x9's in cargo-bay with two (2) ten inch subs (10 inch sub-woofers). Abs light is on, defaults to hydraulic brakes...the way I like it. There is pegboard storage board behind drivers seat. Has been mostly sitting since august 2011 because I could not afford the gas. Truck cranks and runs fine but idles ruff from sitting. Needs a good fuel injector cleaning. Windshield is cracked on passenger side. The wheel wells were rusted out when I bought the truck but I addressed this by placing brackets in them to keep them sturdy. Brand New Tires. Hidden drop down spare tire-under rear of bus. Bus is in Columbia, SC, near Harbison. I am open to offers... Open to trades- I have cash I can add for the right trade.... No text please, Scammers beware.....lowest price: \$5350.00 firm or best trade-Do Not Text!

PLEASE NOTE: If you do not have the money or trade to buy this, do not call please. Thank you and good
