Crawdads, crayfish or crawfish, whatever you want to call them, I can build you a table for your outdoor party. It is made with no legs so they can sit right on the trash can. The first one pictured has a 12' square hole in the center and overall size of the table is 48"x48". These are going for \$140. unless you want a couple school letters or something like that on it, then add \$10. to the price, so \$150. This one has cup holders that will hold a 4" cup, but they can be made smaller. Cash only and you pick up. Anything other than just one color requires half down to start building it.
