My name is John, I am a big dog lover and am looking to make a little extra money. I have worked at a doggy daycare and have a lot of experience with dogs. My dog is back home in Maui, HI so it would be cool to be able to hang out with a dog. I have a big place in capitol hill and have a lot of availability. I also have worked at a doggy daycare for a few months and have experience with being the leader of the pack. I can handle encountering other dogs on walks without incidents occurring.

I have 3 reviews on my Rover profile. Check out what these customers had to say:

????? " John and his girlfriend did a great job taking care of my 2 year old Boxer Trey while we were traveling for a couple of days. I will definitely be using their service again as my pup loves them and I can tell they truly care about Trey and are genuine dog lovers. I would highly recommend them to anyone looking for a reliable, trustworthy dog sitter to make you feel at ease while away ... " -- Rick C.
