MUST be fast and thorough. I have people fast and sloppy, and people thorough and slow but I NEED someone who can do both!!!

1. Estimated about 5 or 6 hours cleaning (\$12 hr - around \$60 to \$75)...it's a ranch style - have to clean large open kitchen, dining area, living room and the sun room and 2 bathrooms...
2. Must move moveable furniture like couches/tables etc. to clean behind as well as cleaning the couches in the cracks and the cat trees etc...I have cats so it takes longer.
3. I will give a bonus IF I am happy with your work AND you are relatively quick...in other words it shouldn't take you 2 hours to clean a bathroom and I shouldn't find dirt under and behind the microwave. I also will also keep hiring you back if I like your work.
4. Start time : 12'ish Thursday - you MUST be able to finish the job (so must be free til 7pm just to be safe).

In order for me to respond to you PLEASE send me:

1. Name
2. Where you are coming from
3. Phone number
4. Experience in cleaning

If you don't do that, you didn't read the ad and I guess that means you are not thorough!
