Advance Roofing & Handyman Service

The roof of your house or building can under go serious damage, weathering, disintegration, or malfunctioning at any point throughout its lifetime.

These things may be prevented or even taken care of with roof repair and similar projects. Sometimes, however, repair will not be enough and you will need a new roof entirely. If the roof is close to needing replacement we will also provide a price for replacement, including all roof system options.

Roof Inspections, on request so you know exactly what to expect from your roof. Every kind of roofing material requires different levels of maintenance and care. While some, such as shingles, require annual and semi-annual inspections and treatment, others, such as PVC roofing, require next to no maintenance at all.

Questions & Answers

HOW TO TELL IF YOU NEED A NEW ROOF

Water leaks or temperature inconsistencies inside your home could mean your roofing system isn't working properly. Watch for these signs that you need a roof replacement:

- Water stains on ceilings or floors
- Shingles missing, curling or blistering
- Excessive shingle debris in gutters or lawns
- Peeling or bubbling plaster or stucco on walls
- Exposure to extreme weather conditions

Roof Repairs Starting At \$450
