Fix Yer Stuff (Hilo)

Location **Hawaii** https://www.genclassifieds.com/x-638100-z

I am a "Mr. Fix-it" kind of mechanic. I fix all kinds of things from small engines (lawn mowers, weed whackers, chain saws, etc), to motorcycles, quads, and go-karts, to small farm equipment. I'm even handy with a welder, so I can repair broken parts (steel/iron only) and custom fabricate brackets, mounts, and other similar parts too....

If it's broke, call me, with 20+ years of experience, I can probably help you out. Pick-up and delivery available on the east side, or I can fix some things on-site.

\$25/hr, and I warranty my work.
