You see those ads on facebook on the right side of every page you look at? Advertisers pay FB to have those there...that's why Zuckerberg and all the people that work there at the top are billionaires and millionaires They've got 100's of millions of people coming to FB to look at those ads every time you and everyone else share a post...but they don't share any of the advertising money with you. They're making bank off you.

Tsu.co, a social network like FB gives 90% of the ad revenue to the actual users, you and me, after all we are creating the content...right?

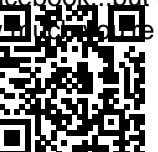

You just do exactly what you do on Facebook... but get paid as well. You can monetize your videos on youtube and embed them on Tsu, you get money from 2 revenue streams at the same time
