This guy has been hanging around our place for a couple of months. Our cats aren't his biggest fans so we are looking for a good home for him. Indoor or outdoor. Very friendly, really snugly for a stray. He's a pretty big boy. I don't know his history but he is not neutered. I have an agreement with PAAWS to have him fixed and give him rabies shot for a really low cost so I can give you that info if you take him. Text or email if you're.
