We have 4 long haired, 8 week old kittens. Two males and two females. Some people call them Tuxedo Persians or Himalayans. We only know they are all soft, cute and have beautiful temperaments to go with their beautiful coats. They have been cared for in a tender, loving calm home. They are nice relaxed kittens. They use their litter box and love to be brushed and played with. If you are interested in providing a good home, you will probably have a hard time choosing. For more information, call Re-homing fee of \$40.00.
