How do I know which company is right for me?

At the beginning of the school year your district may have one or more providers for in which you can go and talk to representatives from each tutoring company. Some school districts have the providers (tutoring companies) come to open house for the school. Parents should sign up for services with a tutoring company that has a proven track record of success.

Why choose ! Achieve Success?

---

! Achieve Success has earned the Florida Department of Education's EXCELLENT tutoring provider rating from the State of Florida. This is the highest rating a tutoring company can earn.

This is a key distinction that officially recognizes our track record of high quality services. Out of Florida's tutoring providers this year, only around 20% have this highest distinction. This rating is based on:

- Student mastery of learning goals
- Completion of tutoring hours for each child
- Parent Satisfaction
- School district evaluation of each provider
- School principal evaluations (if tutoring is done in the school)

We have started to pick up many districts in Southern California and are just now starting out in Northern California. You are a key player in helping us take Northern California by storm!
