Hi,

If you like any of the following genres, maybe we can work together: Metal, Hard Rock, Pop, Rock in General, 80s music in general and 90s (general).

If you like any of the these bands, we might be a good fit: Nin, Metallica, Black Sabbath, Rammstein, The Offspring, Chilli Peppers, Scorpions, Alice in Chains, Megaherz or Eisbrecher.

I also have one song I can send with vocals, so let me know if u wanna hear it.

So, ya I would mainly handle the vocals and write lyrics, but I can also come up with musical ideas.
