Forsale is a Comp Cam solid roller cam and lifter set for small-block Chevy engines. Part number 12-940-9. The specs for the cam are 3000-7000 630/645 lift, duration 260/264 @ .050 and 106 lsa. The lifters are spring loaded so the intake doesn't have to be removed to do a cam swap. This is also a small circle base camshaft that can be used for stroker applications. This is a nice prostreet setup. Price is \$400. Call
