Keet's Cozy Cottage is a newly completely remodeled "home away from home" located less than a third of a mile from the West Shore Boat Launch in Houghton Lake. You can see the lake from the end of the driveway. It comes with cable and the kitchen conveniences of home, with a modern look to the "newer parts of the cottage" to go with the "up-north" look of pinewood doors, walls, and floors in the mature part of the quaint home. Of course, it's also located in Northern Michigan and is surrounded by trees in a quiet neighborhood that allows you to relax and enjoy a campfire on a cool evening, too! Up to two pets may be

allowed to stay. However, let us know if you plan to bring them. Some pets may not be allowed and there is a \$10-15 fee per pet. There have been lots of reviews and it has been purchased by a lot of couples, so you can't go wrong. It also tends to be very relaxing.
