I'm selling my medium Blur TRc that was converted to 650b. It has Chris King hubs with Stans wheels. It is set up as a 1x10 with the OneUp 42 tooth cog and 32 tooth Race Face up front. I also put a clutch derailleur on the back to make it super quite. Already know what I'm upgrading to so not interested in any trades. Text me at 816 six seven nine
