

## 500 RoomsharesubletTemporary (NE Baltimore area)

Location **Maryland**

Just moved to Baltimore area for work, school and family. Job is in Towson, but willing to commute 30 min.

Need a room, studio until Jan 15 when the family moves here and I start graduate program at JHU.

Responsible (with plenty of references) and employed as a nurse.

I am a GAY MALE, so if that is a problem for you, please don't bother.

I don't drink, or do drugs. I can live with anyone unless you are dumping powder on your coffee table or waking up in the gutter. :)

Looking for a share, sublet or a studio rental. \$500 price range, incl. utilities. Ideally furnished, but not necessary... Let me help with your bills for the holidays by renting out a room!

You won't find a better roommate. Quiet, keep to myself and work A LOT.

If you also have a place after January - in reasonable commute area to JHU - for two people and three perfect chihuahuas, let me.
