We have our fantasy football draft this Wednesday and the guys want a topless draft girl. We had someone lined up from Flagstaff and her car broke down and can not make it here. In desperate need for a last min replacement. \$800 cash when you show up and if you are open minded to make the guys extra happy during the night you can earn double or more in tips. I want the girl I choose to take care of me for free if you know what I mean. We need to get things rolling fast so respond now and please respond.
